**Endowed Chairs for Learning Leadership**

**Program Guidelines for Categories I & II**

*Believing that there is no endeavor more significant to quality higher education than the teaching-learning process, the Valencia College Foundation has established the Endowed Chairs for Learning Leadership Program.*

**PURPOSE:** The Endowed Chairs for Learning Leadership program has been established to recognize and promote academic excellence at Valencia College. The program honors outstanding members of the Valencia teaching faculty and provides resources needed for the advancement of instruction at Valencia. In contrast to endowed chair programs at four-year institutions which aim to attract preeminent researchers, this program recognizes and supports the Valencia faculty.

Two categories of Learning Leadership Chairs have been established. Category I chairs are awarded to faculty to fund a proposed learning experience that supports the college's mission, vision, and values and has a connection to student learning. Category II awards provide funding for projects that enhance learning-centered activities and/or foster professional development departmentally, collegewide, within a discipline, or within the Central Florida community.

**ELIGIBILITY:** Recipients of Category I Learning Leadership Chairs are designated Distinguished Professors and recipients of Category II Learning Leadership Chairs are designated Distinguished Scholars. Eligibility shall be confined to tenured faculty members who are full members of the Faculty Association (according to the Faculty Association Constitution) at the time of application. *Please note: tenure-track faculty are not eligible to apply for endowed chairs.*

**CRITERIA FOR SELECTION:** The following criteria will be considered in selecting an Endowed Chair Distinguished Professor (Category I) or Distinguished Scholar (Category II):

Teaching Excellence: The applicant's record of significant contributions made to student learning and to the applicant's department, campus, and/or the college in recent years.

Proposed Learning Experience: The applicant's description of a proposed learning experience outlining 1) intended learning outcomes for the faculty member; 2) the associated contribution to student learning; 3) the ways this money will support an endeavor in terms of the college's mission, vision, and values and connection to student learning; and 4) the process for assessing the applicant's learning outcomes.

**SELECTION PROCESS:** The selection process is coordinated through the Office for Organizational Development, for the Foundation and as the designee of the college president. Endowed Chair Distinguished Professors and Scholars are selected for each chair by the Awards Committee.

Application: The Office for Organizational Development will be accepting online applications only. A maximum of 3 applications per person will be accepted this year.

Awards Committee: The Awards Committee is recruited and governed by the Valencia Faculty Council. The collegewide Faculty Council appoints a chair for the committee from among the ten members who are selected as follows:

- < 8 faculty members, selected by the Faculty Council;
- < 1 member, Foundation Board of Directors, selected by the President of the Foundation;
- < 1 member, Student Affairs, selected by the Vice President, Student Affairs.

Membership will be for two years with approximately half of the committee continuing each year.

The committee reviews application packages and recommends award recipients. Full-time faculty members are eligible to receive one Learning Leadership Chair per academic year. The president of the college shall have sign-off approval of the recipient of each award.

**LENGTH OF TERM:** A term of an Endowed Chair Distinguished Professor/Scholar shall consist of one academic year. At the end of a term, each recipient will be eligible for re-application. A previous award shall not be considered prejudicial to his/her candidacy for a subsequent term.

**USE OF FUNDS:** Based on donor intention, the use of funds varies between Categories I and II. Faculty are awarded chairs with the intent of completing the agreed-upon project. Individuals will be asked to use their best professional judgment in making any changes to the details of the project; however, the scope and intent of the project is not negotiable. If the project cannot be completed as approved, the funds are to be returned to the endowed chair program for future chair awards.

CATEGORY I:

In Category I, half of the award amount is designated as a personal stipend for the Distinguished Professor, with half distributed during Session 1 and the second half distributed during Session 2. *Note: The Internal Revenue Service stipulates that any award in the amount of \$600 or more is reportable income.* The remaining half of the award will fund the proposed learning experience.

If a Distinguished Professor wishes to utilize the personal stipend to hire an adjunct professor, thereby providing him/her with release time, the issue must be negotiated with the Distinguished Professor's dean. The approval of the dean and Campus President are necessary for implementing this alternate use of the stipend.

## CATEGORY II:

In Category II, the Distinguished Scholar's entire award amount is designated to fund the proposed learning experience. The experience must enhance learning-centered activities and/or foster professional development departmentally, collegewide, within a discipline, or within the Central Florida community.

### Proposed Learning Experience

Funds used toward either category's proposed learning experience must be used for educational activities within the area specified by the chair and within any guidelines specified by the donor. Such purposes include:

- 1.) Sponsored residencies for outstanding academicians and practitioners in the field to interact with our students and faculty;
- 2.) Student instructional projects and field trips;
- 3.) Acquisition of additional resource materials, literature, and audio-visual materials for the classroom, studio, and laboratory;
- 4.) Travel and study stipends for professional renewal; and
- 5.) Salary supplements to help in the recruitment and retention of outstanding scholars and career specialists. Additional specific requirements may apply.

**ACCOUNTABILITY:** Distinguished Professors and Scholars shall be responsible for filing an annual report with the Office for Organizational Development by June 30 of each academic year. The report will include a listing/narrative of activities and an accounting of program funds. An annual report form will be provided. Reports are compiled and forwarded to the President's executive staff, the Foundation, and the Endowed Chairs donors.

**VALENCIA COLLEGE FOUNDATION**  
**Endowed Chairs for Learning Leadership**

**Category I Chairs**

Annual awards are based on Valencia Foundation Board of Directors approved payout. Award amounts vary annually depending upon endowment earnings over time. One half of the award amount is designated for the Learning Leadership Chair Distinguished Professor as a personal stipend, with half distributed during Session I and the second half distributed during Session 2. The remaining half of the award amount is designated to fund the proposed learning experience within the area specified by the chair and within any guidelines specified by the donor.

Approved activities include:

- 1.) Sponsored residencies for outstanding academicians and practitioners in the field to interact with our students and faculty;
- 2.) Student instructional projects and field trips;
- 3.) Acquisition of additional resource materials, literature, and audio-visual materials for the classroom, studio, and laboratory;
- 4.) Travel and study stipends for professional renewal; and
- 5.) Salary supplements to help in the recruitment and retention of outstanding scholars and career specialists. Additional specific requirements may apply.

Category	Reg. #	Learning Leadership Chair	Award Amount	Additional Specific Requirements
